## PROFESSIONAL EXPERIENCE

---

### Freelancer, Web developer

Feb 2021 – present | Shimla

- **Cinesamugam** - Developed a comprehensive **Project Management System** to streamline organizational processes and enhance productivity.
- Orchestrated the development of a user-friendly interface that enabled 20+ administrators to create and modify department roles seamlessly; this initiative led to a 40% increase in admin satisfaction scores across the board.
- Spearheaded the creation of a collaborative dashboard allowing department heads to assign work and monitor progress in real-time; streamlined task distribution for 60+ employees, resulting in a 30% reduction in project delays.
- Created an innovative feature that enabled the team to track time spent on specific tasks, supporting data-driven decisions that enhanced scheduling efficiency and provided metrics for 100+ completed projects.
- **InfraUp** - Designed and developed a **responsive landing page for a construction firm**, tailored to the client's specific needs and brand identity. Ensured a seamless user experience across all devices by implementing responsive design principles, optimizing the layout and content for both desktop and mobile users.

### Himtech, Junior Developer

Jan 2020 – Feb 2021 | Shimla

- Contributed to the development of a **freelance marketplace platform** specializing in services such as gardening, plumbing, and other home services.
- Utilized **Django and Python** to build robust backend system, ensuring seamless integration and functionality.
- Developed the front-end using HTML, CSS, JavaScript, and SCSS, creating a responsive and user-friendly interface.

## PROJECTS

---

### Git Commit, A dating app for developers

- Implemented a feature allowing users to create detailed dating profiles highlighting their skills and expertise in IT.
- Integrated a **swipe functionality**, enabling users to swipe left or right based on their interest in other developers' profiles.
- Enabled a **chat feature** for users who mutually swiped right, allowing them to connect and converse within the app.

### Clique

- Clique is an online platform for coders to learn and discuss different areas of programming in an interactive **interface through online chatting**.

### Instello

- A **social media platform** where you can share your photos and connect with friends and family. You can share your life with others through pictures and short captions.
